Andrew Harris

Chief Sales & Marketing Officer

DCC Technologies (Pty) Ltd

WHO ARE WE?

WE ARE DCC TECHNOLOGIES

**Broad Based IT
Distributor**

**Established in
1988**

37 YEARS

**Staff
complement:**

300+

**8 fully fledged
warehouse
branches**

DCC Technologies is a prominent Information Communication Technology (ICT) distribution company, holding a leading position in Southern Africa. We offer comprehensive ICT products and solutions to a diverse range of resellers, catering to micro enterprises as well as large, established organizations.

DCC TECHNOLOGIES DOES NOT SELL DIRECTLY TO THE END-USER COMMUNITY NOR DOES IT POSSESS ITS OWN RESELLER ARM.

LATEST TECH TREND

AI is redefining the employee experience

81%

of the workforce now use AI at work
(+7% Y/Y)

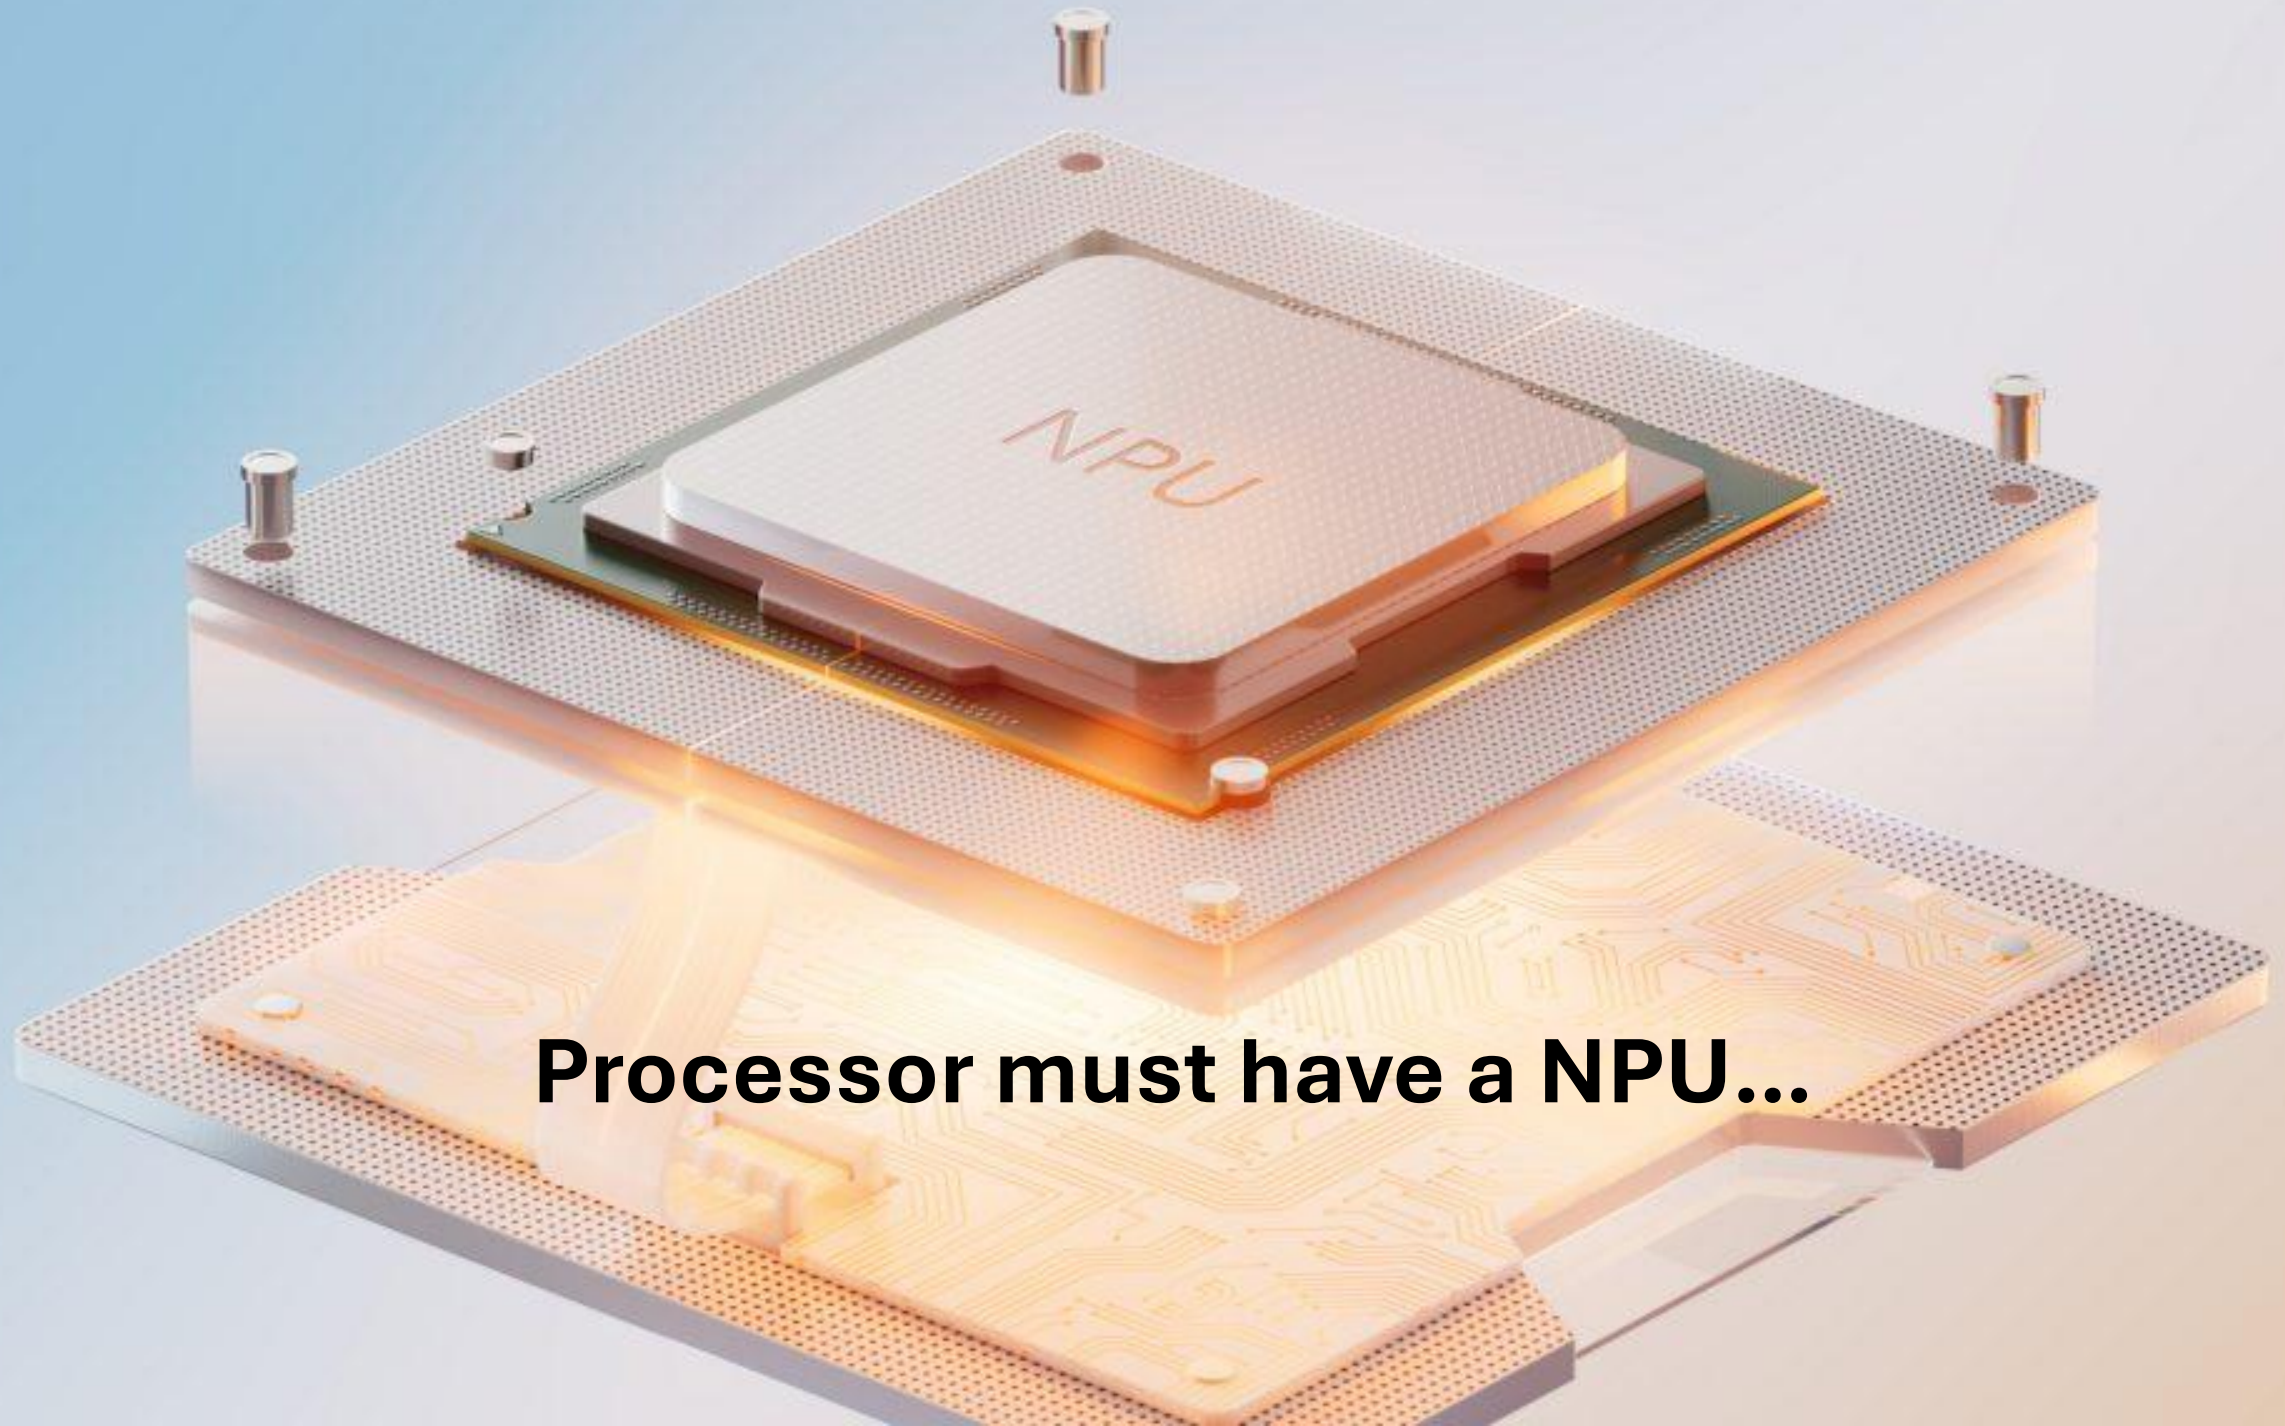

70%

of the skills used in most jobs will change
by 2030²

~2X

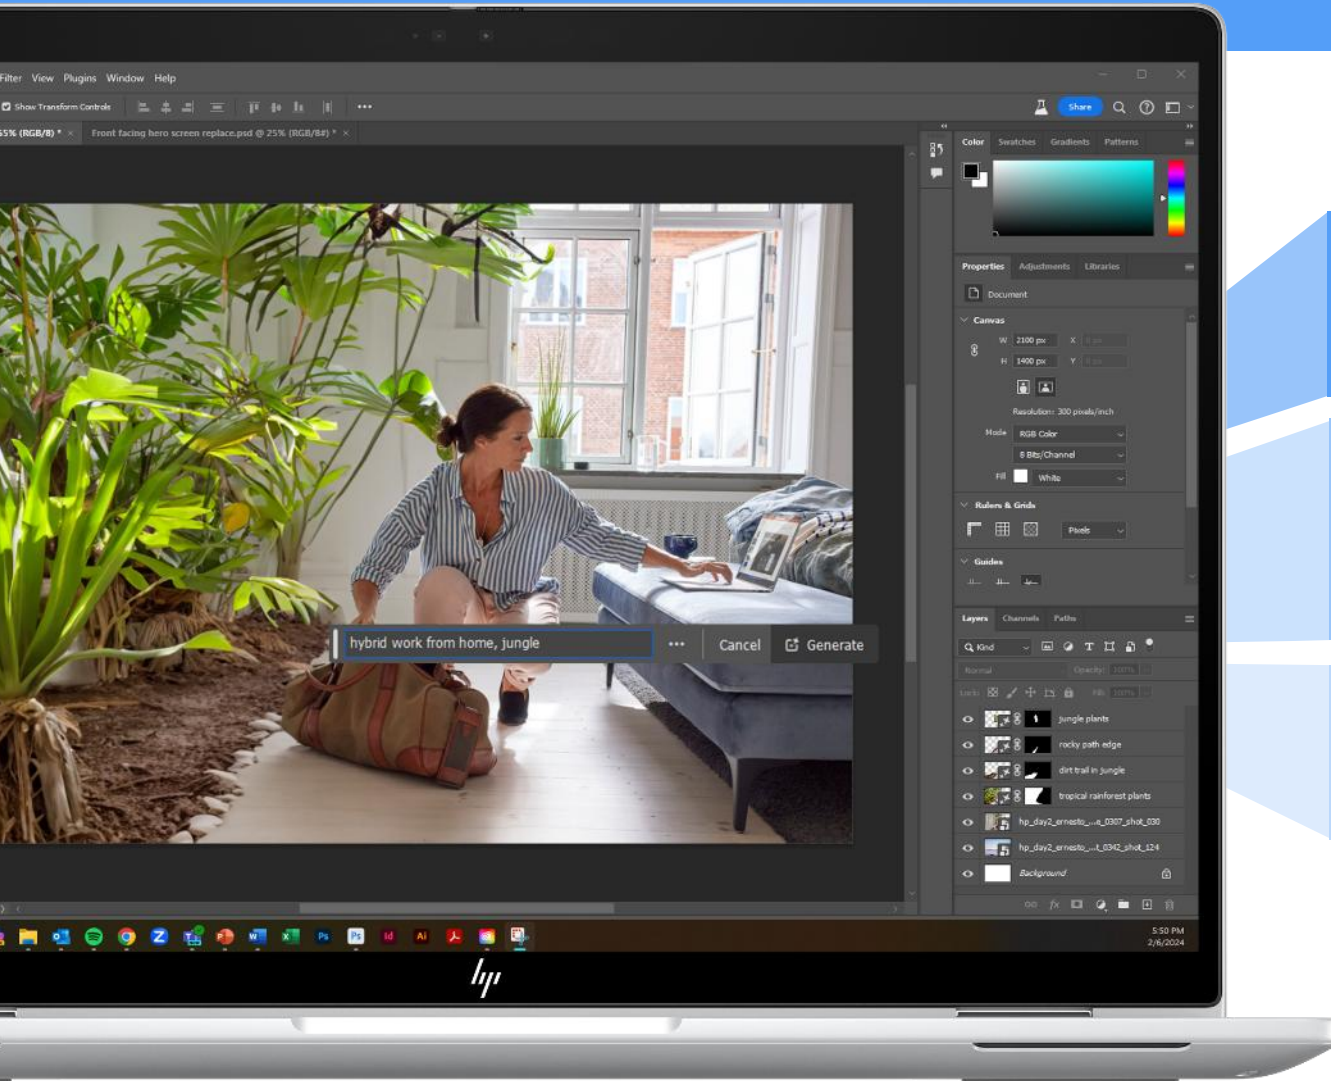

Increase in professional fulfillment
when employees use AI at work³

Processor must have a NPU...

Powered by AI with Integrated NPU

3 productivity engines:

CPU – ideal for light-weight, single inference low-latency AI workloads like applying photo filters in Photoshop

NPU – dedicated low-power AI engine ideal for sustained AI tasks like using Windows Studio Effects background blur during a video call

GPU – ideal for AI-accelerated digital content creation where workload requires more power like Premiere Pro

Understanding AI PCs

AI PCs

- Any NPU
- Copilot Key

AI PCs today have been defined by IDC⁴ as any PC with a CPU, GPU and an NPU with less than 40 TOPS.

Next-Gen AI PC

- 40-60 TOPS NPU
- Purpose-built for knowledge creators to do more with local AI
- Meets Microsoft Copilot+ PC standards

Next Gen AI PCs today have been defined by IDC⁴ as any PC with a CPU, GPU and an NPU with between 40 and 60 TOPS.

Let's clear up some Copilot confusion

Copilot

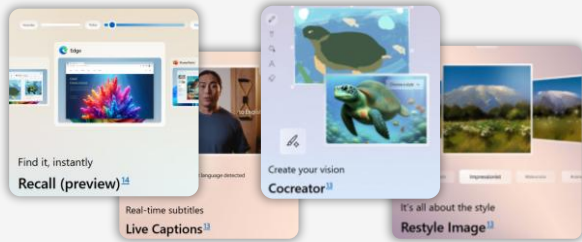

Copilot+ PC

- ➔ Service available in Free, Pro, & M365 for work accounts
- ➔ Today runs in the **cloud**
- ➔ Requires an **active subscription**

- ➔ Refers to a **next-generation PCs designed for AI**
- ➔ Engineered for **on-device AI**
- ➔ **No subscription required**
Includes AI experiences built in

HP 200 Series G2

Lighter and smarter for modern SMBs, schools, and government.

Sharper video meetings. Secure, facial login.

Equipped with a **Full HD webcam** and **infrared (IR) sensor**, this upgrade enhances video clarity and enables secure facial recognition login¹². Ideal for remote meetings and hybrid work environments, it delivers sharper visuals and faster, more secure access.

Performance where and when you need it

Powered by the latest Intel® and AMD processors^{1i, 1a}, this laptop delivers smooth, responsive performance for every task. With support for **next-gen Wi-Fi 7**⁴, **DDR5 memory**², and **fast SSD storage**, you can multitask efficiently, load files quickly, and stay reliably connected wherever business takes you.

Up to 68 Wh battery to handle long work sessions, in and out of the office³

Stay productive from the first meeting to the last without reaching for a charger. With battery options up to 68 Wh, this device delivers reliable, all-day power to keep teams connected wherever business happens.

RFP (Request for Proposal)-compliant essentials

Equipped with **RJ-45**, **Kensington Security Lock**, **dTPM 2.0**, **spill-resistant keyboard**, **USB-C® with Power Delivery** and DisplayPort, and a fingerprint reader. These features meet the key requirements for enterprise and public-sector RFP standards.

Help protect our shared future

Contains at least 50% Post consumer recycled plastic on D cover. TCO 10 certified, with 100% sustainably sourced corrugated cushions and outer box packaging.^{5,6}

HP Z Desktop Workstation Portfolio

Z1

Z1 Tower G1i
intel[®] v⁴⁸

Step into professional performance

2D & light 3D workflows, data science model building/AI

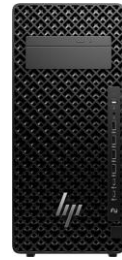

Z2

Z2 Mini G1i
intel[®] v⁴⁸

Z2 SFF G1i
intel[®] v⁴⁸

Z2 Tower G1i
intel[®] v⁴⁸

Professional performance in 4 sizes

2D & light 3D workflows, data science model building/AI

Z4

Z4 Rack G5
intel[®] v⁴⁸

Z4 Tower G5
intel[®] v⁴⁸

Workhorses of expandability and rack-ability

+Medium 3D workflows, 1080P video editing, light rendering / simulation/data analysis

Z6

Z6 G5
intel[®] v⁴⁸

Extreme graphics performance

+Multiple heavy workflows simultaneously, VFX & compositing

Z8

Z8 G5
intel[®] v⁴⁸

Z8 Fury G5
intel[®] v⁴⁸

Take on intense workloads with extreme performance.

+Heavy 3D workflows, 4K+ video editing, medium rendering / simulation/data analysis

High-frequency, single threaded applications

Multi-threaded CPU applications & parallel GPU compute

Increasing dataset and model size/complexity

More iterations, faster time to completion with greater accuracy

Business Desktop Portfolio

HP EliteBoard G1a Next Gen AI PC

AI Performance^{2, 3}

Adaptable AI that works like you do

Security¹⁴

Fortified against physical breaches

Serviceability

Replace components on site

Durability

Engineered for endurance

Micro-Mobility

Take your desktop with you

Good for Frontline Workers

HP EliteBoard G1a Next Gen AI PC

Built to Last

Simple to fix and upgrade

Simple Setup

Clutter-free desk experience

Power delivery

Single USB4[®] 20 powers the PC⁶⁹

Length: 357.95mm Width: 118.50mm Height: ~17mm
Weight: ~676g²¹

50 TOPS

Power AI On-Device²

World-class protection

Part of the world's most secure PC portfolio²⁵

Sustainability

Some components made with recycled materials²³ and designed for easy and quick repairs.

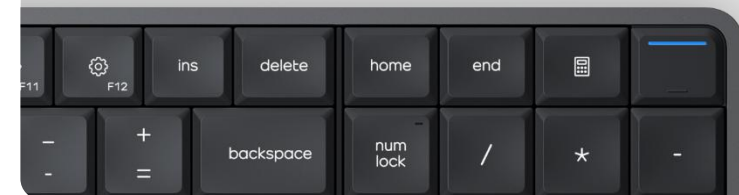

A new design story

A newly designed Keyboard PC that comes with a fully physical 10-key numpad, compact 2-zone key layout, top mount lattice-less user replaceable backlit keyboard with 2mm travel. With a spillproof membrane and HP programmable key.

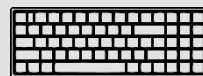

Optional fingerprint sensor¹¹

built into the power button for easy and secure biometric login

Reliable connectivity

Using Wi-Fi 7^{18, 19}

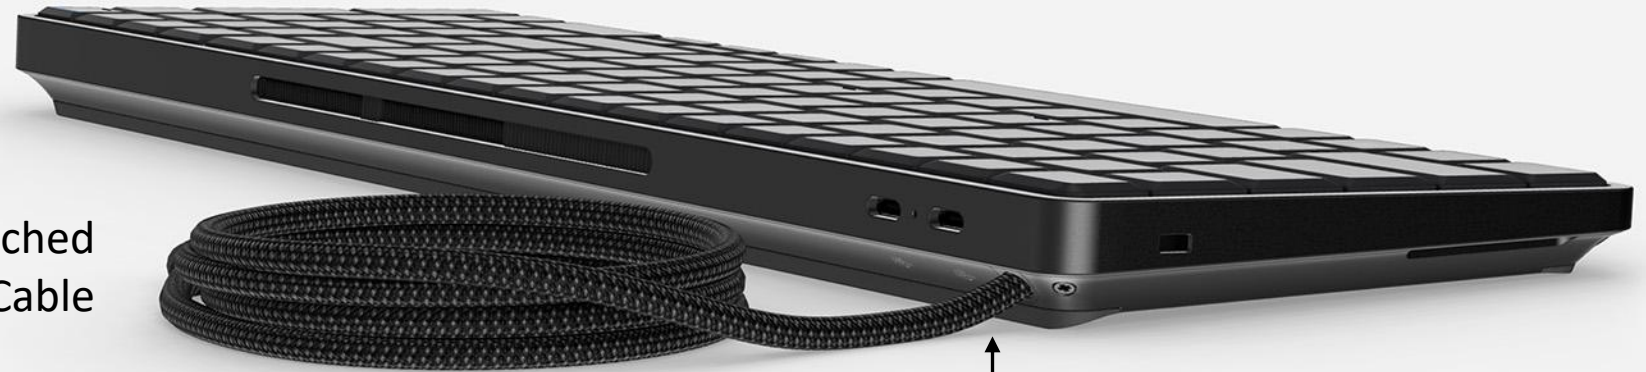

Amazing typing experience

Two ways to stay connected

Enhanced versatility with configurable options that match your specific use case and workspace

Attached Cable

When you want your PC to be connected and secured to a specific workspace with no need for micro-mobility (hospitality reception, computer lab)

Attached cable connects to third internal USB4[®] 20 which frees up both external USB ports. ¹¹

Detached Cable

When you want your PC to support hybrid users that move between stationary workspaces in the office and home office (lid-closed hybrid stationary)

Detached cable connects to external USB4[®] 20 port

Compact, light and flexible.

 **Starting Weight²¹**

Starting at
676g / 1.49 lbs

 **Dimensions**

358mm x 118mm x 17 mm
14.1 in x 4.7 in x 0.7 in

Power up **your workspace**

Deliver seamless connectivity on a clutter-free desk

Ditch the EPS adapter

Connect to a dock or power-delivery monitor with a USB4[®] cable²⁰

Built-in Battery¹¹

Optional battery ensures zero downtime transitioning across hybrid workspaces

20, 11

USB4[®] power

An optional attached power cable ensures reliable data connection

Lowering shipping emissions

The EliteBoard G1a uses fewer raw materials and fits more units per pallet compared to traditional form factors.

Enhanced by AI

Help protect your sensitive information

NEW Onlooker detection⁸ with auto Sure View^{6,2}

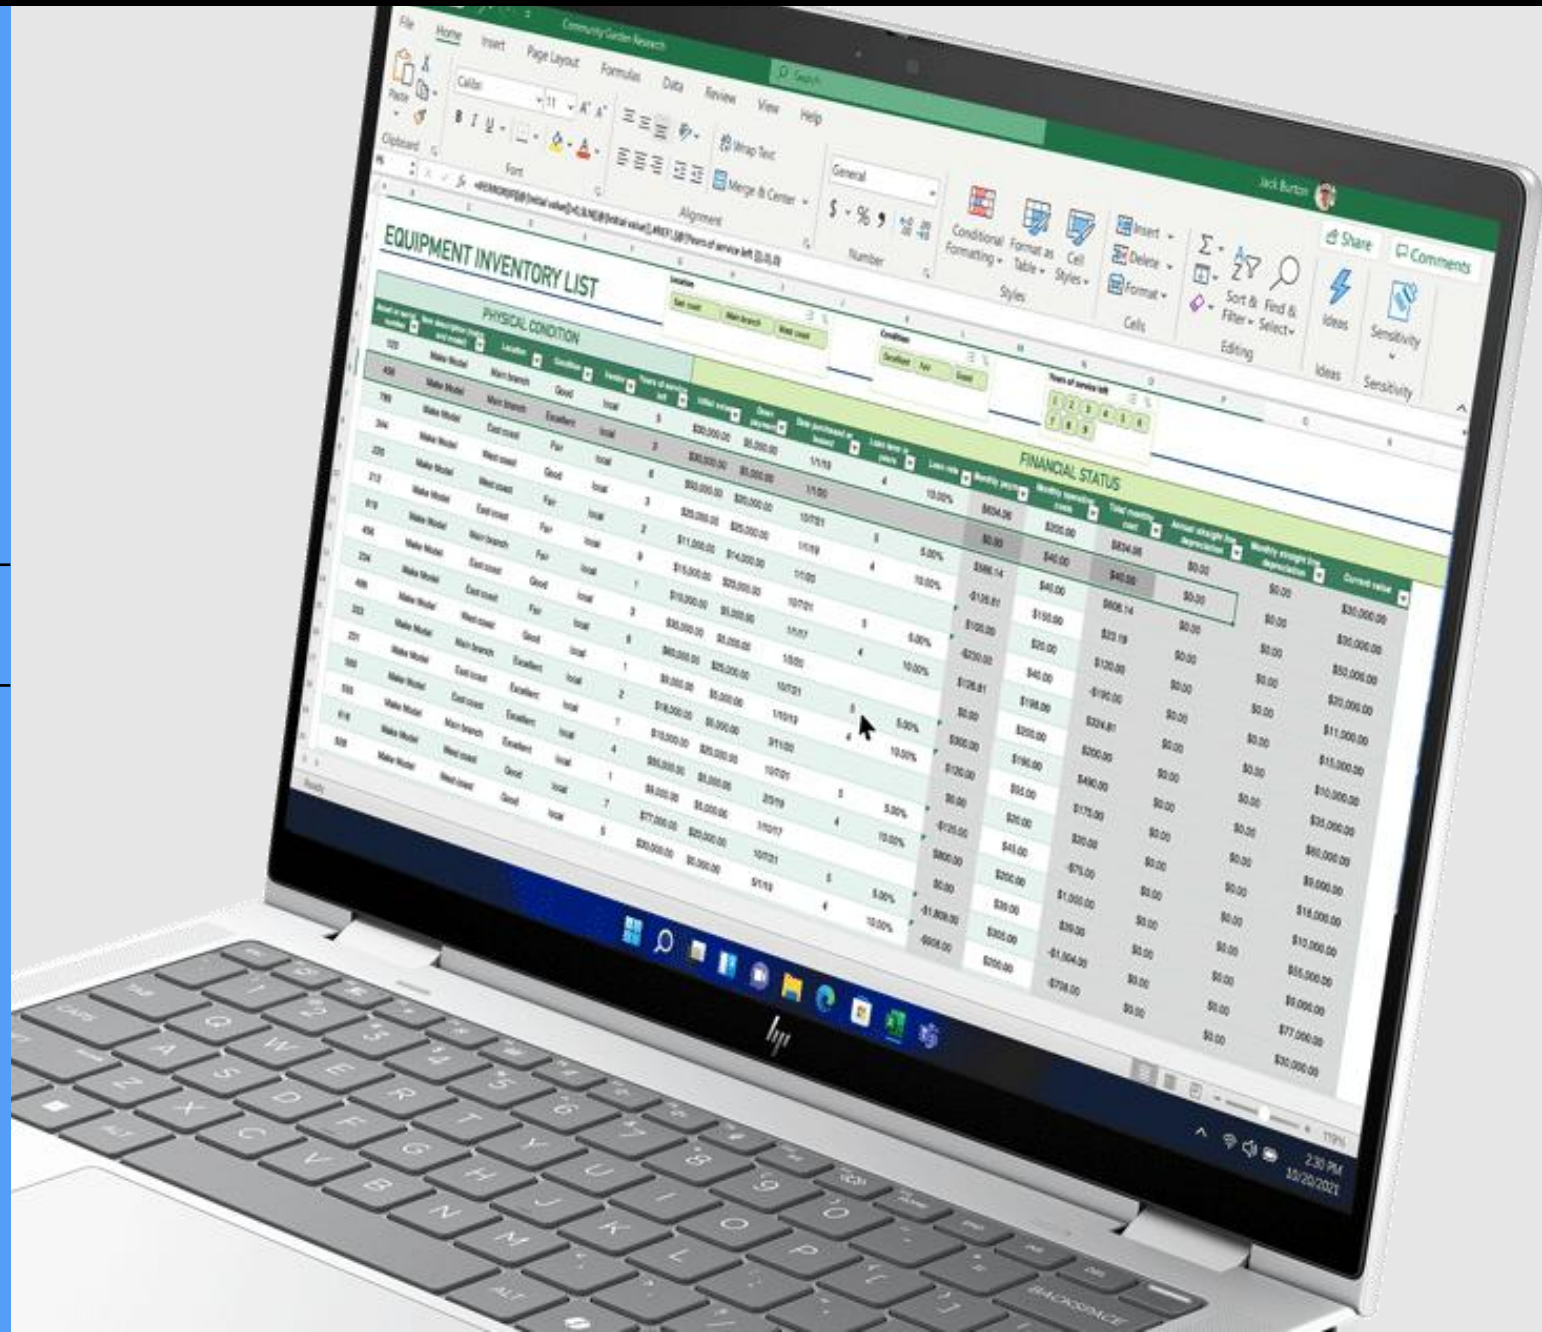

Utilizing the **new AI-enhanced ISP+ webcam sensor**, your PC will notify you when an onlooker is detected behind you and Sure View will automatically activate to help hide your screen contents from onlookers.

The screen remains readable to the user to avoid any disruption to workflow.

Sure View automatically turns off when the onlooker behind you walks away.

HP Confidential. For use by HP or Partner with Customers under HP CDA only.
